

# Design Brief

**1.** Fill out all that applies. Think big but be specific. Don't stress; this typically takes 5 min. or less & gets easier with time.

**2.** Save then send it. If you have any examples or other art assets you want us to work with, put it all in a .zip folder.

**3.** Sit back, relax, we're on it. If we have further questions, we'll message you or vice versa.
